

Technical Rider

- *Transfuse* -

Band & Equipment

Transfuse is a 5 member party:

- Jolien Oldenkortte – Lead vocals
- Farid Bessame – Lead guitar / Lead&backing vocals
- Sander Rolevink – Rhythm guitar
- Joost van der Stelt – Bass guitar
- Gijs Oude Luttikhuis – Drums

For bigger gigs we bring our own sound engineer.

All backline/PA equipment is to be provided by the venue if we don't bring our sound engineer.

We need:

Proper PA system capable of producing undistorted sound @ 100 Db

1 x Vocal Mic (Shure SM58 or similar)

2 x Mic stands

2 x Guitar amp mic + stands

1x standard drum mic set: snare, bass, toms and overhead. (if needed)

2x 220v outlets with at least 4 sockets on both sides of the stage.

4x monitor

Leadvocalist uses own mic and IEM equipment.

Sound tips

Both guitarists vary in volumes during songs (lead and rhythm tones).

So please don't use too much compression on channels 3 & 4.

Stageplan

Channel	Output
1	Lead vocals
2	Lead/backing vocals
3	Lead guitar
4	Rythm guitar
5	Bass guitar (DI)
6 >	Drums

Monitor	Ouput	Channels
M1	Vocals (Uses IEM)	1
M2	Lead guitar + backing vocals	2 + 3
M3	Rythm guitar	4
M4	Bass guitar	5
M5	Sidfill (Full mix)	ALL
